

## Viscotech

Thank you for preparing a memo for Ken Jones as he determines his best steps as the CEO of Viscotech.

### Business Analysis

First, Focus on the Viscotech business, leaving finance aside as much as possible.

- 1) Describe the business in which Viscotech operates. What kind of Key Performance Indicators (KPIs) might you recommend from an *operational* standpoint.
- 2) Where are they in their Fundraising, and Operational journey/timeframe?

### Building the Problem Solving Pieces

- 1) What problem are the Viscotech Founders trying to solve. Why?
- 2) Build an Org Chart of Viscotech, and describe each of the players' roles. Is this group prepared to 1) solve the problem they have identified 2) run a business (use the case and Exhibits). Show Full Time, part time, and consultant/outsourced roles.
- 3) What is the Business Case for Viscotech, and based on the org chart and progress to date, are they prepared to meet this? Why or Why Not?
- 4) What Asset do they have to date? Why do these have merit? Based on the KPIs you identified in part 1, describe how the Assets developed indicate success (or not) in meeting these KPIs
- 5) How long does FDA approval take? How likely is it?

### Financial

- 1) Based on Exhibit 1, build a 3 year revenue to EBIT model (what assumptions are you making on FDA approval and market penetration). Show by market category.
- 2) Compare your model to the Projected Income Statement. Explain alignment or discrepancy.
- 3) Build a Scorecard Framework/Analysis for Viscotech. How did you determine the categories, prioritization and ranking for your model.

### Legal/Governance

- 1) Based on your best judgement (supported by course and potential outside reading/preparation), what is missing in the materials provided to potential investors? Why do you think this?
- 2) Is the current Legal and Accounting team appropriate for this fundraising?
- 3) What are the legal, process and governance concerns that you observe.

### Your Recommendation

What problem(s) is Ken facing?

Should Ken go to the SEC with his concerns? Why or Why not based on your findings above?

Should Ken step down as CEO? Why or Why not based on your findings above?

**Your report should be 3 pages, plus exhibits/figures.**
